PATIENCE

Peacefulness is a blessing.

A mind that is calm will see with a better view.

Through persistence and endurance, things may work out.

In dealing with people, courtesy must be observed.

Ease up one's anxiety and calm the mind.

Never allow circumstances to be your hurdle.

Cultivate with a sincere heart and not to hurt others.

Endure one's shortcomings, be patience.

HEART

Hold firming to the beliefs and principles.

Endure all odds and the way ahead will be clear.

At no moment should the heart feel regret for all that has passed.

Resolve everything amicably.

The heart that is unmoved by all objects is the heart that may cultivate to its best.
