德教太和观乩文

己亥年五月初七日（2019-06-09）

正乩掌：陈楚蓉 副乩掌：黄国强

Begin from a simple act by helping the unfortunate.

Now, the time for all to do good deeds and accumulate merits.

To be in the position of lending a hand is an opportunity not to be missed by all.

Cultivate to be a better person and not to waste time in this lifespan.

Lead a good example so that many will follow.

A short reminder to one and all.

Simple way of living is also happiness.

Life is short so why be saddened by little disappointment or irritation.

Success depends in one's ability to seize opportunities and wise judgement.

Use your wisdom to help you determine how to grasp various opportunities.

Capitalized on the opportunities, work diligently and eventually reap the benefit of your hard work.

Concentrate on one's strength and not let it drift away.

Everyone wishes for a wonderful life but that depend on one's perseverance in facing the challenges to achieve.

Seek for courage to face the odds.

Success is based on one's attitude, performance, and ambition

Speak less and do more.

Speak only when you are sure and the information is correct.

Conveying of message must be careful missing words or additional word of the messages can create misunderstanding and cause trouble.

Causing difference should not be done by anyone, put yourself in the victim's position and be considerate.

Change not the TRUTH that has been told.
